Information

Ursi Fencing is a small fence construction and repair company based in Dallas, Texas. We specialize in privacy, chain link, ornamental iron, and barbed wire fences. We also build sliding gates, and we offer repairs on all fence types.

Services

Privacy Fence:

This fence type is most commonly used by homeowners. It offers great privacy, and the standard height is six to ten feet. These fences can be painted, stained, and customized to your liking.

Chain Link Fence:

Used extensively for businesses, dog runs, and places where a fence is needed with an open air feel. These can also be built with ornamental iron instead of chain link.

Barbed Wire:

This fence type is best for fence in large areas of land such a pastures. This fence type offers the best affordability for large areas.
